

School closed for teacher in-service or snow?
Babysitter quit unexpectedly?
Important prospective employee coming to town?

Our *Back Up Care* provides child care services when regular arrangements change.

Call today to see how Mini University's **BACKUP CARE** can meet your needs!

- Open to children ages 6 weeks -12 years old
- Half day/full day options, easy credit card payment
- NAEYC accredited, unparalleled quality for your child
- Educated teachers, sensitive to your child's needs
- Meals & supplies provided (Parents provide infant formula & diapers)

Alternative child care is a valuable service to parents and employers. Most families have regular child care arrangements in place. When these arrangements fall through and a parent is expected in the workplace, the change affects the whole family. Mini University's **BACKUP CARE** can solve these problems!

Plan ahead and be prepared to handle the unexpected by pre-registering your child today, or call us at the last minute when the need arises! (Please allow 30-45 minutes at drop-off to process paperwork and fees if you have not pre-registered.)

We are not able to provide backup care when children are sick, due to state licensing regulations which require the exclusion of ill children.
